

Counselor Update – (2/19/08)

School Student Transcript Assessment List

This is a new application which allows users the ability to list all students and their Transcript Assessment information such as State Government, Federal Government, ACT, etc.

- This application is accessed; EzStart -> School Transcript Management -> School Transcript Management -> Student Transcript Assessment List

Official and Internal Transcript

- District Course Subject Area. You will need to access this application (EzStart -> District Course Management -> District Course Management -> District Course Subject Areas) and update the Elective subject area you have defined. In the Elective record enter Y into the This will be used for Elective course classification * field. This indicates to the system how to handle electives on the Credit Summary reports found in the Internal Transcript.
